

Plugs with Tab (BB)

Protection for fuel line connectors, injectors and braking connections and other applications in fluid carrying systems. The vertical design tab makes the plug easy to fit in and pull out. The product is made of very soft material that improves its function.

Applications:

BB range is recommended for protection of fuel line connectors, injectors and braking connections and other applications in fluid carrying systems.

Main features:

Ideal solution for fluid carrying systems

Suitable for Automotive segment

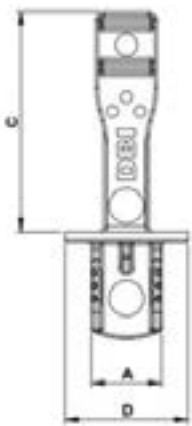

Unique design & flexibility

Made of RECYCLE LDPE, EVA & TPE

Easy mounting & dismounting

Properties

Standard colour: Red
Standard material: TPE
