

# Low Voltage Pin Connector (EL)

The EL product range offered by DBI consists of designed plugs for protection of Low Voltage pin connectors. The plugs are suitable mainly for Hirschmann SealStar 1.2. electrical connectors sockets (single and double row). The EL plugs for compact connector sockets and pins, are excellent protection against damage, dust, liquids and vibration due to optimized design and excellent sealing properties. The ergonomic handle enables easy plug in and removal. The new EL range is also available in BIO version!

## Applications:

Suitable for protection of Hirschmann SealStar 1.2. electrical connectors sockets (single and double row). The solution fits the following series: TE Connectivity MCON 1.2 mm and Kostal MLK 1.2 mm. EL range offers also products suitable for additional series, such as: AMP 2.8, SLK 2.8, TE JPT 2.8.

## Main features:

- 

Ideal solution for compact connector sockets and pins
- 

Fits Hirschmann SealStar 1.2. electrical conncetors sockets
- 

Excellent protection against damage, dust, liquid & other contaminants and vibration
- 

Made of RECYCLE LDPE
- 

Ergonomic handle makes plugging in & removal easy

## Properties

**Standard colour:** Yellow- Other colors may be available upon request  
**Standard material:** RECYCLE LDPE
